INTERNATIONAL DESIGN AWARDS 2020 af stablen, og dansk/italienske @gamfratesi vandt prisen som Designer of the Year. Det er fuldt fortjent, at Stine Gam og Enrico Fratesi aka designduoen GamFratesi endelig vinder prisen som Designer of the Year. Valgt og udpeget af 25 ELLE Decoration-redaktører. I de sidste 14 år har de skabt møbler, lamper og udstillinger af internationalt format og har gang på gang rykket ved vores opfattelse af æstetik, ved vores fornemmelse for form og ikke mindst ved det gængse syn på, hvordan dansk/italiensk design skal forme sig. Chaque année les édition ELLE Deco International remettent les EDIDA au meilleur du design mondial. Retour sur une cérémonie, virtuelle cette année, et de ses gagnants.

Chaque année à Milan, au moment du Salone Del Mobile, les 25 éditions de ELLE Décoration à travers le monde se retrouvent pour célébrer les EDIDA (ELLE Deco International Design Awards). A cette occasion, les rédacteurs/rices en chef de chaque édition récompensent les plus beaux projets et talents de l'année dans 14 catégories. Cet événement, initié par le réseau ELLE Décoration, perpétue sa tradition depuis 2003. La fête est habituellement grandiose et réunit le temps d'une soirée, les plus grands acteurs de la décoration et du design. Cette année le format est un peu particulier puisque la Design week et les EDIDA n'ont pas pu avoir lieu, pour les raisons que nous connaissons.

La 17ème édition des EDIDA se tient donc en ligne le 25 juin à 19h, en partenariat pour la troisième année consécutive avec [MGallery Hotel Collection](#). Pour l'occasion, les 25 éditions des magazines ELLE Décoration, dont ELLE Décoration France, se sont « retrouvées » pour élire les meilleures créations de l'année. Vous pourrez retrouver la vidéo de la cérémonie [ici](#).

elledecoritalia • YOUNG DESIGN OF THE YEAR: Marta Vivero. Bambù, tessuti e tessuti sfangiati sono la materia giusta per disegnare interni dal forte impatto grafico. Molto più che spazi, privati e di condivisione, sono ambienti immersivi dai colori vivaci che evocano atmosfere anni '80. Ogni lavoro della coppia formata da Ana Milena Hernández Palacio e Christopher Penaske, stanziale a Valencia, è un omaggio alla storia dell'indimenticabile spazio del gruppo Memphis. Sottsass docet. elledecoritalia • DESIGNER OF THE YEAR: Gamfratesi. Architetti, Stile Gam Enrico Fratesi, si formano e si innamorano in Italia, con il loro lavoro ci riportano alle magie del design italiano: gli Indimenticabili Achille Castiglioni e Marco Zanuso. Il loro è un segno puro che nasce dall'incontro tra il rigore nordico, di lei, e l'imprevedibilità mediterranea di lui. Padroni del buon progetto, prediligono la dimensione dell'industrial design, dove la creatività dialoga con la lungimiranza. Anche l'idea di dare forma a un letto deve partire dal sapore vagamente orientale. La testiera, delle dimensioni importanti, sembra abbracciare il piano orizzontale per chiudersi ai piedi del letto in una comoda panca. Il segno della coppia, puro ed essenziale, è un trionfo di morbidi cuscini, cinturini e cinghie di cuoio che sorreggono mensole e vassoi. Si ispira alle linee della teliera Tac disegnata nel 1963 da Walter Gropius, fondatore del Bauhaus, questo paesaggio domestico dai colori pastello, con forme geometriche supergeometriche, unite a una particolare finitura opaca, enfatizza la ressa cromatica della palette scelta per i pezzi della collezione: ecco i singoli elementi animarsi vestendo il colore 'Pellicano', che digradà tra il corallo, il mostarda e il turchese, e il 'Pavone', un mix di marrone, blu e celeste. Un progetto dirimente che nasce da un'idea semplice: hackerare il modello tradizionale di cucina per inserire un elemento di coltura. Per renderla più resistente all'usura del quotidiano. Un cortocircuito che ha trasformato l'ambiente cucina in performance. Il cabinet, rivestito di un polimero termoplastico, diventa pezzo da collezione. I colori, primari e potenti, e il materiale, impegnato per i taglieri, caldo e resistente al tatto, disegnano un ruolo focale. E' sempre più importante alla relazione, intensa e poetica, tra gli elementi del progetto. Tutto nel suo lavoro è giocato sul filo di un'eleganza sobria, understated e senza tempo: il suo linguaggio è sofisticato e l'approccio sensibile. Il risultato è sempre un ambiente caldo e avvolgente, fatto di dettagli ricercati, luce e scelte cromatiche che evocano l'essenzialità della cultura nordica. FURNITURE: Primordial by Raphael Navot, Roche Bobois.
Polietilene stampato e texture effetto roccia per questo pezzo decisamente iconico. La forma organica, ottenuta grazie alla malleabilità del materiale, pesca nel vocabolario espressivo di questi primi Anni 20; un omaggio al mondo dell'art design che trae ispirazione sia dal figurativismo antropomorfo di tradizione inglese sia dal primitivismo di scuola olandese. Un mix che trova nella scena della cultura prima la fonte del suo apprendo nel living più disinvolto.

È forzando il tradizionale rapporto di proporzioni fra schienale, seduta e gambe che va definendosi l'architettura: una poltroncina la cui forma declina una nuova idea di eleganza per il comfort. Il volume, ultra compatto, è tagliato dall'intersezione di linee curve e piani geometrici che definiscono la forma. L'immagine è ulteriormente ammorbidita dal rivestimento in Nabuck, una pregevissima pelle che trasforma il pezzo in opera d'arte.

Puro, geometrico, iconico come solo un monolite di marmo bianco di Carrara sa essere: l'idea che muove il progetto sfida la forza di un materiale millenario come il marmo con il rigore espressivo del segno architettonico. Il risultato è un pezzo scultoreo che attraversa il tempo, esce dalla cava per lasciarsi addomesticare dalle mani sapienti degli artigiani italiani. E dalla morbida sensibilità creativa della progettista.

Il punto di partenza è una base futon, la cui struttura modulare e le serie potenzialmente infinite di cuscini, rulli, braccioli e schienali, i fondamentali sono pensati per comporre e scomporre la configurazione desiderata anche in un'ottica green. Divani, chaise longue e pouf sono il risultato al quale ambire per arredare gli esterni. Il resto lo fanno i colori, con disegni ispirati ai tessuti razionalisti mappati dall'architetto durante numerosi viaggi in Sud America. Quando si dice la versatilità.

Sculpture, imponente, totemica: una struttura eterea che nella sua essenzialità espressiva racconta la magia della luce. Il nottambulo, da cui il nome, è una presenza invisibile durante il giorno, ma si manifesta al calare del notte, quando si richiamata alla sua funzione. Ecco che in modalità 'on' svela i moduli in vetro soffiato. Trasparenti e impalpabili, capaci di trasformarsi in splendide lanterne contemporanee, disegnano colonne luminose che galleggiano nell'aria.

Un progetto che recupera e valorizza la lana di scarto partendo dalla sua irregolarità: tutto inizia dal feltro, punto di partenza. Senza cercare uniformità e perfezione, questo materiale naturale, caldo e rinfrescante, è stato reinventato e ridotto alle dimensioni interne delle quali tradizionalmente si carica. Per rendere le superfici più leggere e grafiche, hanno vinto colori e pattern effetto terrazzo. Svelandole passione della designer per onde e scale cromatiche.

Tecnologia e creatività sono elementi imprescindibili del buon design. Nel mondo dei rivestimenti, ogni progetto è una sfida che sposta in là l'asse dell'innovazione. Le grandi lastre ceramiche interpretano le texture di marmo per definire il tema della mimesi. È la cornice a dichiarare le fonti di ispirazione: la tessitura venata delle rocce e le campiture cromatiche. FABRICS: Peter Marino for Venetian Heritage by Peter Marino per Rubelli.

Tre jacquard di seta in cui l'architetto ha voluto ricreare l'acqua della Laguna e i colori dei dipinti del Settecento. Una sfida, tecnica e progettuale, vinta che ha dato vita a Lucente, un fondo di raso di seta con piccole onde che increspano la superficie; Tiepolo, con tecnica matellassé a rilievo, che genera riflessi di luce e colori; Marino, omaggio al mare mosso, con curve vibranti. Non solo design, ma anche iniziativa benefica per la salvaguardia delle opere veneziane. Testo di @paola_carimati @rubelli_group @petermarinoarchitect #EDIDA2020 @mgalleryhotels #designawards

petermarinoarchitect Thank you to Elle Deco International Design Awards for the honor - a win for 'Peter Marino for Venetian Heritage' for textiles with @rubelli_group . Proceeds partially benefit @venetianheritage 's restoration of art and architecture in Venice.

The colors are those found in the luminous paintings of Giovanni Battista Tiepolo and the fabrics sought to reflect Venice's unique position on the water and how light reflects off the water's surface. #edida2020 #rubelli #petermarinoarchitect #petermarino #textiledesign

baxtermadeitaly LAZYBONES by @studiopepe_official wins #EDIDA2020 🎉

Presented on the occasion of the 2019 Milan International Furniture Exhibition, Lazybones is a sculptural chair with archetypal shapes. As in a primitive architecture, it shows a contrast interplay between massive, totemic volumes and softness ad comfort. As for the inspiration that led to its birth, this is what Chiara Di Pinto and Arianna Lelli Mami say: "we were looking for a three-legs seat that could call to mind monoliths, like dolmen, an archaic and primitive architecture". scpltd We congratulate @bethanlaurawood and @official_rosenthal on being awarded the @elledecointernational Design Award 2020 for their 'Tongue' tea set. Launched in 2019, this expressive collection is inspired by the lid and handle combination of Walter Gropius' TAC teapot. Combining linear architectural forms with the playful frivolity of the 1970s, the series was limited to only 50 sets, three of them being available at SCP.

Rewatch our Q&A with Bethan Laura Wood from last October on our IGTV. #SCPLtd

S seasonsofliving We are very proud to announce that LAZYBONES CHAIR designed by @studiopepe_official for @baxtermadeitaly, won the 2020 ELLE DECO International Design Awards! #EDIDA2020.

Presented on the occasion of the 2019 Milan International Furniture Exhibition, Lazybones is a sculptural chair with archetypal shapes. As in a primitive architecture, it shows a contrast interplay between massive, totemic volumes and softness ad comfort. As for the inspiration that led to its birth, this is what Chiara Di Pinto and Arianna Lelli Mami say: "we were looking for a three-legs seat that could call to mind monoliths, like dolmen, an archaic and primitive architecture".

DESIGNER OF THE YEAR 年度设计师 Stine Cam 和 Enrico Fratesi—Gamfratesi

这两位在意大利求学并相恋的建筑师让我们再度领略到传奇大师的艺术魔力，如令人难以忘怀的Achille Castiglioni与Marco Zanuso。作为设计界的神仙眷侣，他们拥有十分鲜明的个性特色，善于将北欧的严谨审慎与地中海的飘逸随性相融合，并且偏爱工业设计，既注重创造力，又展现出现实规划上的远见卓识。

BATHROOM 最佳卫浴设计
Balnea
设计 Elisa Ossino 品牌 Salvatori
纯粹、棱角分明、个性十足，犹如一件巨大的整块白色卡拉拉大理石雕塑。在严饬规整的建筑构造中，这种拥有千年历史的名贵石材展现了惊人的硬度，被精巧的意式雕工与变化无穷的设计天才所驯服，化为无懈时光漫漫的经典之作。[salvatori.it](#)

SEATING 最佳座椅设计
Lazybones
设计 Studiopepe 品牌 Baxter
在椅背、椅面与椅腿比例不变的基础上进行大幅压缩，极为小巧的扶手椅造型中以曲线和几何平面勾勒轮廓，优质的绒面革柔化棱角，诠释舒适优雅的新概念，是值得收藏的精品。[baxter.it](#)

LIGHTING 最佳灯具设计
Noctambule
设计 Konstantin Grcic 品牌 Flos
如图腾，如雕塑般造型夸张，气势十足！优雅纤巧的结构极具表现力，可充分诠释光的魔法。“夜乘”——顾名思义——白天不见踪迹，只有在夜幕的掩护下、需要履行职责时才会现身。亮起的灯管多为吹制的轻透玻璃，可堆叠成精美的时尚灯笼，射出一道道在空气中飘浮的光柱。[flos.com](#)

一如既往，2020 EDIDA 国际设计大奖 14 个类别，经由全球 25 个版本主编的提名与投票终于产生。纵然无法在米兰设计周共襄盛况，但耀人眼目的创意并未缺席。从织物到地板，从厨房到浴室，在美感与功能性的提升之外，设计师们对新技术、新材料的探索也备受瞩目。而新增奖项“年度室内设计师”的获得者，比利时建筑、室内及产品设计师 Vincent Van Duysen 的加入，除了让 EDIDA 在类目上更丰富之外，也体现出其作为国际级别奖项在更多维度上的专业考量。

WALL COVERING 最佳墙面装饰设计

Policroma

设计 Cristina Celestino 品牌 Cedit

优秀的设计离不开科技和创意。在饰面设计中，每一个项目都是一场推陈出新的艰巨挑战。大幅面瓷砖以大理石和意大利马来漆式的纹理诠释与众不同的生物拟态主题。壁画墙纸的灵感之源一览无余——岩壁表面的精美细纹及其生动的色彩。fiorim.com

FLOOR COVERING 最佳地面装饰设计

Nuances

设计 Patricia Urquiola 品牌 Gan

这一项目发掘并凸显了废弃羊毛面料那种混杂斑驳的美感，以羊毛毡为基底：不刻意追求任何外观上的统一或协调，温暖柔软的天然毛料中不再含有一丝冬日气息。碎草式色彩与纹理既使外观更为轻灵醒目，又展现出设计师对波纹和色度元素的喜爱。gan-rugs.com

FURNITURE 最佳家具设计

Primordial

设计 Raphael Novak 品牌 Roche Bobois

此款特色十足的家具为聚氨酯打印而来。表面布满“岩石”般的纹理，得益于聚氨酯的柔弹质感，外观造型上呈现出源自 20 年代初的有机风格：传统英式拟人动物形象与荷兰画派的原始主义元素中依稀可见当年的艺术设计风潮。原生态的纹理饰面与充满活泼情趣的客厅相得益彰。roche-bobois.com

OUTDOOR 最佳户外家具设计

Ribes

设计 Antonio Citterio 品牌 B&B Italia

日式沙发床中可自由集成各种枕垫、滚筒、扶手和靠背创意，连同沙发、长躺椅、蒲团坐垫，都为打造舒适又环保的人居环境奠定基础。传统面料和色彩的选择折射出设计师心中浓厚的南美情结。是多元百搭的典范。bebitalia.com

INTERIOR DESIGN OF THE YEAR 年度室内设计师

Vincent Van Duysen

这位国际知名建筑师兼设计师在世界各地主持打造新的楼房、零售空间和酒店民宿，十分强调不同设计元素之间细密且诗意盎然的关联。在他的作品中，每一个角落都散发出质朴、优雅的气息：他的设计语言很精致，设计思路很细腻，总能以精心打磨的细节元素和北欧风格的照明及色彩搭配创造出温暖舒适的环境。

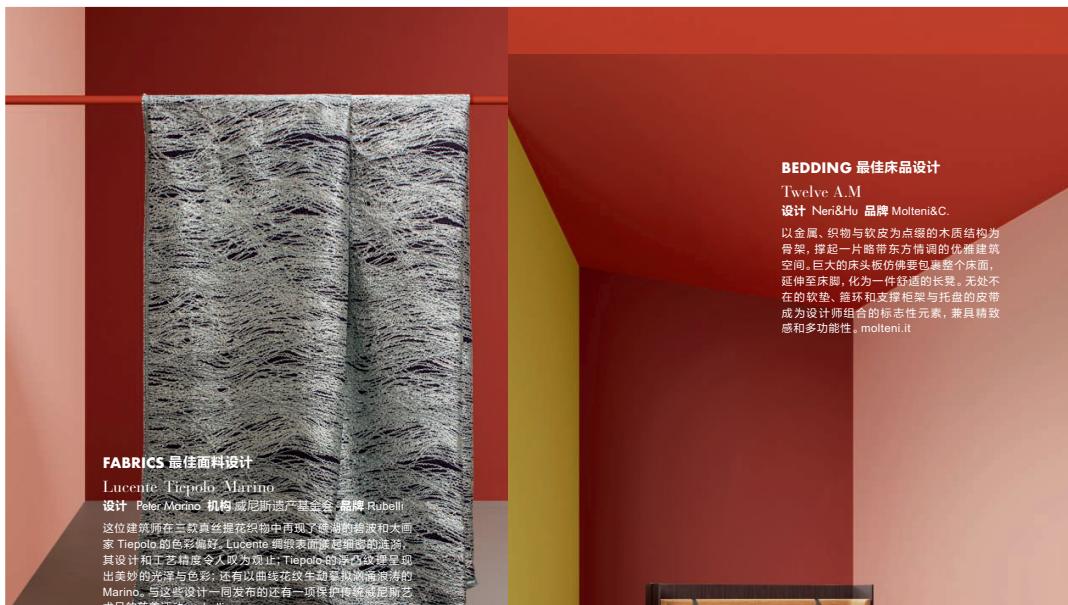

YOUNG DESIGN TALENT OF THE YEAR
年度新锐设计师

Ana Milena Hernández Palacios
Christophe Penasse—Masquespacio

竹子、陶土与毛边织物可为室内环境增添醒目的平面装饰元素，打破私人和公用空间单调的界域划分。营造出20世纪80年代的明亮、温馨的氛围，令人欣然忘我。这对来自瓦伦西亚的搭档用一件件作品向当年孟菲斯团体（Memphis Group）在Sottsass主导下进行的绝妙实验致敬。

FABRICS 最佳面料设计

Lucente Tiepolo Marino

设计 Peter Marino 机构 威尼斯遗产基金会 品牌 Rubelli
这位建筑师在三款真丝提花织物中再现了湿润的桔梗和大画家 Tiepolo 的色彩偏好。Lucente 绸缎表现得更细密的线条，其设计和工艺精度令人叹为观止；Tiepolo 的活力织物呈现出美妙的光泽与色彩；还有以曲线花纹牛筋革风格而著称的 Marino。与这些设计一同发布的还有一项保护传承威尼斯艺术品的慈善活动。rubelli.com

BEDDING 最佳床品设计

Twelve A.M.

设计 Neri&Hu 品牌 Molteni&C.

以金属、织物与软皮为点缀的木质结构为骨架，撑起一片略带东方情调的优雅建筑空间。巨大的床头板仿佛要包裹整个床面，延伸至床脚，化为一件舒适的长凳。无处不在的软垫、靠环和支撑框架与托盘的皮带成为设计师组合的标志性元素，兼具精致感和多功能性。molteni.it

TABLEWEAR 最佳餐具设计

Tongue

设计 Belhan Laura Wood 品牌 Rosenthal

这套色彩淡雅的家用餐具，在造型上借鉴了1963年包豪斯运动创始人Walter Gropius设计的Tac茶壶。低调醒目的几何线条与亚光的质感凸显出惊艳的色彩艺术：无论是融合了珊瑚红、芥末绿与蓝绿色的“Pelican”，还是调和了棕色、蓝色和天蓝色的“Peacock”，每一个元素都显得活泼可爱。rosenthal.it

创意光芒四射的设计项目，主旨简明有力：解构传统厨房布局，注入颠覆性元素，使之转变为更加坚固耐用的高性能区域。热塑性聚合物外壳使碗柜呈现出收藏品般的精致感。色彩风格简洁大气，切板质感温暖而柔软：为居家生活开辟新的温馨角落。reformcph.com

ELLE DECORATION ØNSKER TILLYKKE

ELLE DECORATION INTERNATIONAL DESIGN AWARDS 2020

ELLE Decorations internationale prisfest trækker normalt fulde huse under designugen i Milano, men selv om champagnen i år ikke kunne poppes til et fælles event, er der stadig meget at fejre. Dansk-italienske GamFratesi vinder hædersprisen Designer of the Year, og danske Reform samarbejde med belgiske Muller Van Severen bliver kåret som årets køkken.

ÅRETS KØKKEN

Match, Muller Van Severen for Reform

Det er ualmindeligt godt gået at vinde en international designpris for et køkken, der er hacked, men ikke desto mindre er det lykkedes for danske Reform at skabe opmærksomhed og gode vibrationer om deres legesyge samarbejde med den belgiske designduo Muller Van Severen. Det multifarvede køkken er på alle måder enestående. Godt gået!

@reformcph @mullervanseveren

ÅRETS STOL

Lazybones, StudioPepe for Baxter

Italienske Studio Pepe fik lokket folk til udkanten af Milano, da de sidste år lancerede stolene 'Lazybones' i et setup, der ville have gjort enhver alkymist misundelig. Skræller man den oplevelsesfulde licensesættelse af, står man tilbage med et par stole, der sagtens kunne have holdt skansen alene. Smukke i siluetten og særdeles brugbare i enhver indretning.

ÅRETS UDENDØRS-KOLLEKTION

Ribes, Antonio Citterio for B&B Italia

Du kan indrette en mægtig terrasse med stolte og moduler i et velvalgt mix, eller du kan håndplukke et enkelt møbel og sætte på din altan. Den italienske designer Antonio Citterio har skabt en cool og interessant udendørsmöbelserie, der vinde prisen som årets Outdoor-kollektion.

DESIGNER OF THE YEAR

GamFratesi

Det er fuldt forstået, at Sine Gam og Enrico Fratesi aka designduoen GamFratesi endelig vinder prisen som Designer of the Year. Valgt og udpeget af 25 ELLE Decoration-redaktører. I de sidste 14 år har de skabt møbler, lamper og udstillinger af internationalt format og har gang på gang rykket ved vores opfattelse af æstetik, ved vores foremommelse for form og ikke mindst ved det gængse syn på, hvordan dansk/italiensk design skal forme sig. "At arbejde som professionel designer er ikke så glamourøst, som det kan se ud. Der er ikke lidt til craziness og kunstneriske udskejeler," fortalte de i et interview her i magasinet sidste forår, men det til trods er der dog masser af leg og kreativitet i det, parret skaber. I 2019 blev det blandt andet til et smukt kombi-møbel med fløjl og flere funktioner for legendariske Gebrüder Thonet Vienna, runde bordé i sten inspireret af romersk arkitektur for Gubi og en stribte smukke vinduesudsmyninger for Hermès. Stort tillykke!

@gamfratesi

Multimøbler 'Mos' designet for Gebrüder Thonet Vienna.

Bordserien 'Epic' i italiensk travertin har parret tegnet for Gubi, som de i sin tid også skabte den populære 'Bettle Chair' sammen med.

'Blue Mist'-stel skabt i samarbejde med Royal Copenhagen i forbindelse med indretningen af restaurant Copenhague i Paris.

ÅRETS INDRETNINGSARKITEKT

Vincent Van Duysen

Han er æstetiker til yderste fingerspids, og han har fåget tidens ånd i sine bygninger, i sit design og i de indretninger, det er temmelig svært ikke at holde for. Minimalisten og materialeentusiasten Vincent Van Duysen, der i 2019 bl.a. forvandlede et gammelt kloster til et stilet hotel i Antwerpen, bliver kåret som årets indretningsarkitekt, og det er så ganske på sin plads.

Interior Designer of the Year

VINCENT VAN DUYSEN

„Verwechseln Sie bitte nicht das Einfache mit dem Simpelen“, meinte schon sein Vorbild Mies van der Rohe. Von ihm lernte Vincent van Duysen auch, dass die wahre Essenz im Detail liegt – gerade für Minimalisten. Aber es wäre zu einfach, ihn als Minimalisten zu bezeichnen. Die Entwürfe des belgischen Architekten drücken die Tiefegrundigkeit und Komplexität von Geduldslinigkeit aus. Und das gar nicht so unterkühlt, wie es klingen mag. Van Duysen fragt sich: Was ist die Kunst des Wohnens? Für ihn bedeutet es Ankommen, zur Ruhe finden. Sein Design heißt daher willkommen, auf sinnliche und warme Art. Durch den Einsatz taktiler Materialien mit individuellem Charakter, wie Stein, Holz, Leinen..., eben allem, was für Nachhaltigkeit und Qualität steht und mit den Jahren und dem Leben umso schöner wird. Vielleicht beschreibt er seinen Stil deshalb selbst auch als zeitlos. 1990 eröffnete er sein eigenes Studio in Antwerpen und setzt weltweite Projekte im Bereich Architektur und Inneneinrichtung um – von Privathäusern und Wohnkomplexen bis hin zu Bürogebäuden. Gerade durch das Zusammenspiel beider – Architektur und Interior – kann er ganze Wohnwelten schaffen. Und dabei will van Duysen zum Kern, zur Essenz vordringen. Übersetzt den sinnlichen Purismus seiner Architektur in Möbel für Flos, Molteni & C oder B&B Italia. Und schafft vollendete Einfachheit, die sehr gefühlvoll Ruhe ausstrahlt... vincentvanduysen.com

DESIGNER OF THE YEAR

STINE GAM AND ENRICO FRATESI, GAMFRATESI

Educated in Italy, where they also fell in love, these two architects bring us back to the magic of great masters such as the unforgettable Achille Castiglioni and Marco Zanuso. Their pure intent stems from the encounter between her Nordic rigour and his Mediterranean unpredictability. As paladins of good design, the duo favours industrial design, where creativity interacts with entrepreneurial farsightedness. Website: www.gamfratesi.com

As an internationally renowned architect and designer, he's created structures and spaces globally, always giving importance to the intense and poetic relationship between design elements. His work is characterised by a sober, understated and timeless elegance, approached in a sophisticated and sensitive manner. The result is always a warm and cosy environment, made of refined details and colour choices that rely on the essentiality of Nordic culture.

LIGHTING

NOCTAMBULE BY KONSTANTIN GRICIC FOR FLOS

Sculptural, imposing, totemic: an ethereal structure that tells the magic of light through its expressive essentiality. The "Night Owl" is aptly named to be an invisible presence during the day. It shows up at nightfall and only if called to its function. When switched on, it reveals blown glass modules. Transparent and stackable, capable of turning into stunning contemporary lanterns, these lamps seem like luminous columns floating in the air. Website: www.flos.com

SEATING

LAZYBONES BY STUDIOPEPE FOR BAXTER

The structure of this piece characterises itself by forcing the traditional proportion ratio between backrest, seat and legs, resulting in a small armchair. The ultra compact volume is cut out by the intersection of curved lines and geometric planes. The image is further softened by the use of Nabuck leather upholstery, which turns the chair into a collector's item. Website: www.baxter.com

BEDDING

TWELVE AM BY NERI&HU FOR MOLTENI&C

This set revolves around a wooden structure that combines metal, fabric and soft leather in the shape of elegant, slightly Oriental architecture. The ample headboard seems to embrace the horizontal plane at the foot of the bed by turning into a comfortable bench. Soft cushions, bands and leather straps that support shelves and trays indicate the design's refined versatility.

BATHROOM

BALNEA BY ELISA OSSINO
FOR SALVATORI

Pure, geometric and pristine as only a white Carrara marble monolith can be: the idea for this project challenges the strength of a millenary and precious material with the expressive rigour of the architectural kind. The result is a sculptural piece that is tamed by skilled Italian craftsmen as well as the designer's supple creative flair.

FURNITURE

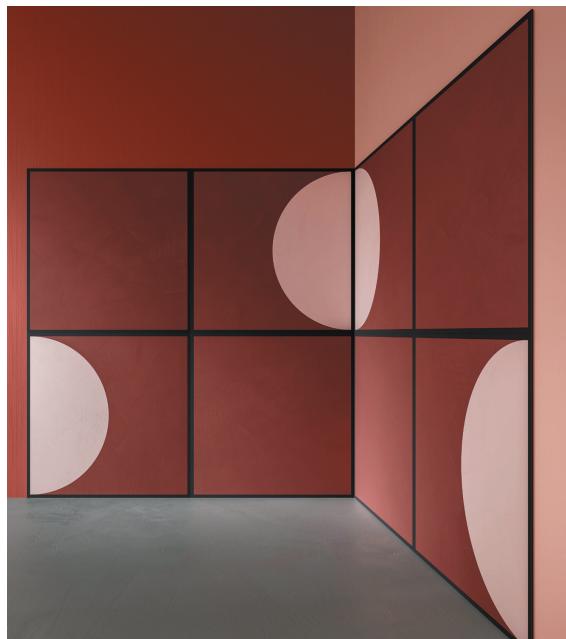

PRIMORDIAL BY
RAPHAEL NAVOT
FOR ROCHE
BOBOIS

Printed polyurethane and rock like textures characterise this decidedly iconic piece. Its organic shape, obtained thanks to the pliability of the material, takes cue from the expressive vocabulary of the early 1920s: a tribute to art and design that draws inspiration from both the anthropomorphic figurative art of the English tradition as well as the primitivism of the Dutch school.

Technology and creativity play a significant role in the case of this wallcovering. Large ceramic slabs interpret the textures of marble and marmorino to represent the theme of mimesis in a new way. The frame declares its sources of inspiration—the noble veined texture of rocks and its refined chromatic backgrounds.

This short circuit, covered with a thermoplastic polymer, transforms the kitchen environment with its primary and powerful colours as well as warm and tactile materials.

RIBES BY ANTONIO CITTERIO FOR B&B ITALIA

The starting point is a futon base, along which a potentially infinite series of cushions, rollers, armrests and backrests that may be inserted to form multiple configurations. Sofas, chaise longues and pouffes use designs inspired by the traditional fabrics mapped by Citterio's numerous trips to South America. [Website: www.bebitalia.com](http://www.bebitalia.com)

TABLEWARE

TONGUE BY BETHAN LAURA WOOD FOR ROSENTHAL

This pastel coloured domestic landscape is inspired by the lines of the Tac teapot, designed in 1963 by Walter Gropius, the founder of the Bauhaus movement. The purity of its geometry combined with a focused matte finish emphasise the colour palette for each piece in the collection. Individual elements come alive as they become 'Pelican' by combining coral, mustard and turquoise, and 'Peacock', a mix of brown, blue and sky blue. DECOR PEOPLE

FLOOR COVERING NUANCES BY PATRICIA URQUIOLA FOR GAN

This project salvages and enhances the value of waste wool on the basis of its irregularity. Without worrying about uniformity or perfection, the natural, warm and pliant material of felt was reinvented by getting rid of the winter atmospheres it is traditionally bound to. To make surfaces lighter and more graphic, battuto like colours and patterns were key as they disclosed the designer's true obsession with waves and colour scales.

FABRICS

PETER MARINO FOR VENETIAN HERITAGE AND RUBELLI

The American architect draws inspiration from lagoon waters and select colours (inspired by Italian artist Tiepolo) to create three designs in silk jacquard that are technically as well as aesthetically sound. Lucente showcases small waves rippling on a silk satin background, Tiepolo's matelassé technique in relief generates reflections of light and colours, while Marino pays tribute to rough seas with its vibrant curves. It is worth noting that the series is tied to a charitable initiative to safeguard Venetian works of art.

DESIGNER OF THE YEAR /

Architetti, si formano e si innamorano in Italia, con il loro lavoro ci riportano alle magie dei grandi maestri, gli indimenticabili Achille Castiglioni e Marco Zanuso. Il loro è un segno puro che nasce dall'incontro tra il rigore nordico, di lei, e l'imprevedibilità mediterranea di lui. Paladini del buon progetto, prediligono la dimensione dell'industrial design, dove la creatività dialoga con la lungimiranza imprenditoriale. gamfratesi.com

Tutto ruota attorno alla struttura in legno, abbinato a metallo, tessuto e morbida pelle. Anche l'idea di dare forma a un'architettura elegante dal sapore vagamente orientale. La testiera, dalle dimensioni importanti, sembra abbracciare il piano orizzontale per chiudersi ai piedi del letto in una comoda pancia. Il segno della coppia, puro ed essenziale, è un trionfo di morbidi cuscini, cinturini e cinghie di cuoio che sorreggono mensole e vassoi. In nome di una ricercata flessibilità. molteni.it

Tecnologia e creatività sono elementi imprescindibili del buon design. Nel mondo dei rivestimenti, ogni progetto è una sfida che sposta in là l'asse dell'innovazione. Le grandi lastre ceramiche interpretano le texture di marmo per definire il tema della mimesi. È la cornice a dichiarare le fonti di ispirazione: la tessitura venata delle rocce e le campiture cromatiche. florim.com

TABLEWARE/

Si ispira alle linee della teiera Tac disegnata nel 1963 da Walter Gropius, fondatore del Bauhaus, questo paesaggio domestico dai colori pastello. La purezza delle forme super geometriche, unita a una particolare finitura opaca, enfatizza la resa cromatica della palette scelta per i pezzi della collezione: ecco i singoli elementi animarsi vestendo il color 'Pellicano', che digradà tra il corallo, il mostarda e il turchese, e il 'Pavone', un mix di marrone, blu e celeste. rosenthal.it

LIGHTING/

Sculptural, imposing, totemic: a translucent ethereal structure that in its essential expressiveness tells the magic of light. The noctambulist, from which the name comes, is a presence invisible during the day, which manifests itself at night, only if called upon. Here it is in 'on' mode, revealing its glass modules. Transparent and stackable, capable of transforming into contemporary lanterns, they draw luminous columns that float in the air. flos.com

Il punto di partenza è una base futon, lungo la quale si innestano una serie potenzialmente infinita di cuscini, rulli, braccioli e schienali. I fondamentali sono pensati per comporre e scomporre la configurazione desiderata anche in un'ottica green. Divani, chaise longue e pouf sono il risultato al quale ambire per arredare gli esterni. Il resto lo fanno i colori, con i disegni ispirati ai tessuti tradizionali mappati dall'architetto durante i numerosi viaggi in Sud America. Quando si dice la versatilità. bebitalia.com

BATHROOM/

Puro, geometrico, iconico come solo un monolite di marmo bianco di Carrara sa essere: l'idea che muove il progetto sfida la forza di un materiale millenario e prezioso con il rigore espressivo del segno architettonico. Il risultato è un pezzo scultoreo che attraversa il tempo, esce dalla cava per lasciarsi addomesticare dalle mani sapienti degli artigiani italiani. FLOOR COVERING/

Un progetto che recupera e valorizza la lana di scarto partendo dalla sua irregolarità: tutto inizia dal feltro, punto di partenza. Senza cercare uniformità e perfezione, questo materiale naturale, caldo e malleabile, è stato reinventato liberandosi delle atmosfere invernali delle quali tradizionalmente si carica. Per rendere le superfici più leggere e grafiche, hanno vinto colori e pattern effetto terrazzo. Svelando la passione della designer per onde e scale cromatiche. gan-rugs.com

SEATING/

È forzando il tradizionale rapporto di proporzione fra schienale, seduta e gambe che va definendosi l'architettura: una poltroncina la cui forma declina una nuova idea di eleganza per il comfort. Il volume, ultra compatto, è ritagliato dall'intersezione di linee curve e piani geometrici che definiscono la forma. L'immagine è ulteriormente ammorbidita dal rivestimento in Nabuck, una pregiatissima pelle che trasforma il pezzo in opera da collezionare.

Poliuretano stampato e texture effetto roccia per questo pezzo decisamente iconico. PROJEKTANCI ROKU

**STINE GAM I ENRICO FRATESI:
GAMFRATESI**

Spotkali się i zakochali podczas studiów architektonicznych we Włoszech. W swoich projektach przywracają magię wielkich mistrzów XX w. wzornictwa, takich jak niezapomniany Achille Castiglioni i Marco Zanuso. Ich charakterystyczny styl jest wynikiem spotkania jej skandynawskiej powściągliwości z jego śródziemnomorską nieprzewidywalnością. Jako polodjni współczesnego designu preferują wzornictwo przemysłowe, w którym kreatywność współdziała z przedsiębiorczą dalekowzrocznością.

ARCHITEKT WNĘTRZ
VINCENT VAN DUYSEN

To architekt i projektant o międzynarodowej renomie. Tworzy budynki, przestrzenie handlowe i obiekty hotelowe na całym świecie, zawsze przywiązuje wagi do zbalansowanej i wręcz poetyckiej relacji między wszystkimi elementami projektu. Jego prace charakteryzuje dyskretna, nienachalna i ponadczasowa elegancja. Z ogromną wrażliwością używa wyszukanych środków, kreując niezwykle przestrzenie. Są one zarazem wyrafinowane i przytulne, pełne starannie wyważonych detali i barw charakterystycznych dla estetyki nordyckiej.

BALNEA, PROJ. ELISA OSSINO,
PROD. SALVATORI

Projekt tak doskonali, jak doskonali może być tylko biały monolit marmuru z Carrary. Jego autorka rzuciła wyzwanie tysiącleciemu i cennemu materiałowi, którego architektoniczna tożsamość sprawiła, że jest jednym z najbardziej znanych, ale i pożądanych na świecie. Rezultatem jest ponadczasowa rzeźbiarska kolekcja, prezentująca odwieczne piękno marmuru, który wychodzi z kamieniołomu, aby dać się oswoić wykwintnie wykończonymi rękami włoskich rzemieślników i głębią talentu projektantki. salvatori.it

Kolekcję tworzą trzy jedwabne żakardy, w których projektant odwzorzył odbijające się w weneckich kanatach promienie słońca i magiczne odcień laguny z płótnem Giovanniego Battisty Tiepolo. Udało się tego dokonać dzięki stworzeniu skomplikowanej technicznie, strukturalnej tkaniny Lucente, gdzie satynowe tło pokrywają niewielkie fale. Kolekcja to wynik fascynacji Wenecją (Peter Marino jest CEO Venetian Heritage, organizacji non profit działającej na rzecz wspierania dziedzictwa kulturowego miasta) i wpływem świata na tkankę miejską. Wyszukane rzemiosło i wzornictwo łączą się z inicjatywą charytatywną, mającą na celu ochronę weneckich dzieł sztuki. rubelli.com

KUCHNIA

**MATCH, PROJ. MULLER VAN SEVEREN,
PROD. REFORM**

Efektowny projekt zrodzony z nieszywki prostego pomysłu, żeby uczynić zabudowę kuchenną bardziej odporną na codzienne zużycie. Do wykonania frontów kuchennych został użyty polietylen HDPE (który jest często wykorzystywany w kuchniach przemysłowych, gdzie stosuje się go np. w deskach do krojenia). Polietylenowe fronty w mocnych kolorach można dowolnie ze sobą zestawiać, a sam materiał jest ciepły, bardzo miły w dotyku i ukazuje nowy wymiar domowego ogniska. reformcph.com

ZASTAWA STOŁOWA

TONGUE, PROJ. BETHAN LAURA
WOOD, PROD. ROSENTHAL

Ten postelowy serwis został zainspirowany formą słynnego czajnika Tac, zaprojektowanego w 1963 r. przez założyciela ruchu Bauhaus – Waltera Gropiusa. Projekt łączy odniesienia do form architektonicznych z zabawną frywolnością lat 70. XX w. Wood połączyla czyste geometryczne linie z matowym wykończeniem, co podkreśla niezwykłą paletę kolorystyczną tej kolekcji. Limitowane serie naczyń powstały w dwóch wersjach: Pelican, który łączy odniesienie koralowca, musztardy i turkusu, oraz Peacock, będący mieszanką brązów i błękitów. rosenthal.it

Jedyny w swoim rodzaju, intrigujący i kuszący. Nierównorna sylwetka regału wygląda, jakby została ręcznie wyrzeźbiona, jednak swoją organiczną formę projekt zowdzięcza elastyczności poliuretanu. Projektant odniósł się do ekspresyjnego języka sztuki lat 20. XX w. – zarówno do angielskiego malarstwa figuratywnego, jak i prymitywizmu szkoły holenderskiej. Z całą pewnością trafi do wyrafinowanych odbiorców, którzy kochają design, i sztukę. roche-bobois.com

Kreatywność połączona z technologią są niezbędnymi elementami dobrego projektu. W przypadku tej kategorii wiele projektów jest wyzwaniem, w których często przesuwana jest oś innowacji. Celestino zaprojektowała duże płyty ceramiczne, które odnoszą się do klasycznych kanonów architektonicznych, ale mają bardzo współczesny charakter. SOFAS E POLTRONAS

A estrutura desta peça define-se numa nova proporção entre costas, assento e pernas, o que se traduz numa pequena poltrona cuja forma indica um novo conceito de elegância e conforto. O volume, ultracompacto, é contido pela interseção de linhas curvas e suavizada pelo Nabuck, uma pele delicada que completa o design da peça. [baxter.it](#)

CAMAS

Tudo gira à volta de uma estrutura de madeira combinada com metal, tecido e pele suave – com referências discretas à arquitetura oriental. A cabeceira, ampla, parece abraçar a área horizontal fechando pés da cama e transformando essa zona num banco confortável. A assinatura dos designers está presente na escolha de almofadas lisas, sobreposições de materiais e correias em pele que servem de apoio a uma espécie de travesseiro. [molteni.it](#)

TECIDOS

Um mix de jacquards de seda no qual o designer recriou as águas das lagoas e os cores do pintor Giambattista Tiepolo. Um desafio técnico e criativo que se concretizou no desenvolvimento de Lucente, um tecido que parece reproduzir o movimento das ondas num mar de seda. A técnica de matelassé em relevo que cria reflexos de luz e cor de Tiepolo está presente assim como uma homenagem a águas agitadas. Não se trata apenas de um trabalho de design mas de uma iniciativa louvável para proteger a arte de Veneza. rubelli.com

LOUÇA

Este serviço de chá em tons pastel é inspirado nas linhas do bule Tac, desenhado em 1963 por Walter Gropius, fundador do movimento Bauhaus. A pureza das linhas geométricas une-se a um acabamento mate que salienta a paleta de cores escolhida para as várias peças da coleção: elementos individuais ganham vida ao tornarem-se as peças Pelican – que navegam entre o coral, o mostarda e o turquesa – e as Peacock, uma mistura de castanho e azuis. rosenthal.it

MOBILIÁRIO

Poluretano e texturas a imitar pedra caracterizam esta peça que vai com toda a certeza tornar-se um ícone. A sua forma orgânica, conseguida graças à maleabilidade do material, vai buscar referências ao início dos anos 20 e é um tributo ao design artístico inspirando-se tanto no antropomorfismo figurativo da tradição britânica como no primitivismo da escola holandesa. Uma peça que tanto pode viver nos espaços mais casuais como nos mais sofisticados. roche-bobois.com

REVESTIMENTO DE PAREDE

Tecnologia e criatividade são dois elementos essenciais a um bom design. No caso dos revestimentos de parede cada projeto é um desafio que tem de ser ultrapassado em nome da inovação. Peças de grandes dimensões em cerâmica relembram a textura do mármore e do marmorino e reinterpretam o tema da mimesis. A fonte de inspiração é notória: a textura das rochas e de todos os seus backgrounds cromáticos. florim.com

EXTERIOR

O ponto de partida é uma base de futon que pode ser complementada por uma infinidade de almofadas, travesseiros, apoios para os braços e para as costas... O modelo final é decidido pelo cliente, que seleciona os elementos que mais gosta ou precisa. O mobiliário de exterior tem tido uma incrível evolução: sofás, chaises longues e poufs são cada vez mais usados para dar total conforto a jardins, terraços, varandas e afins. A resistência dos materiais é, obviamente, fundamental mas as cores são essenciais para criar o mood do espaço. Aqui, os padrões são inspirados nas inúmeras viagens do designer à América do Sul. bebitalia.com

Escultura, impactante, como um totem: uma estrutura etérea que reflete a magia da luz através da sua essência expressiva. Como uma "coruja" – doce nome – é uma presença invisível durante o dia. DISEÑADOR DE INTERIORES DEL AÑO

Este arquitecto y diseñador belga de renombre internacional da mucha importancia a la intensa y poética relación entre los elementos de diseño. Todo en su obra se caracteriza por una elegancia sobria, discreta y atemporal: su lenguaje es sofisticado, su enfoque de diseño sensible. Nuances GAN

Esta colección de **Patricia Urquiza** rescata y mejora el valor de la lana reciclada, sobre la base de su irregularidad. En ella, la calidez y la neutralidad del fieltro hacen que su superficie sea más ligera y más gráfica, mientras que los colores y los patterns, similares a los del battuto veneciano, revelan la auténtica obsesión de la diseñadora española-milanesa por las ondas y las escalas de color. gan-rugs.com

ÅRETS DESIGNER

Stine Gam & Enrico Fratesi, Gamfratesi

De möttes under sin arkitekturutbildning i Italien. Och blev kärta. Arkitekterna Gam och Fratesi kastar oss tillbaka till de stora mästarna, som Achille Castiglioni och Marco Zanuso. Deras skapande härör från mötet mellan hennes nordiskt "hårda" design och hans mer oförutsägbare stil sprungen ur Medelhavskulturen. Som förkämpar för god design föredrar de industriell design, där kreativitet interagerar med det långsiktigt entreprenöriella.

**ÅRETS PRODUKT FÖR

**Tongue av Bethan
Laura Wood för
Rosenthal**

Den här pastelliga drömmen är inspirerad av formerna på tekannan *Tac*, som formgavs av Walter Gropius 1963, grundaren av Bauhaus-rörelsen. Renheten i de supergeometriska linjerna kombinerat med den matta finishen förstärker verkligen färgpaletten som valts till delarna i serien *Tongue*. Tonerna i kollektionens färger *Pelican* mixar korall, senap och turkos medan *Peacock* blandar brun med blått och himmelsblått.

TRENDRAPPORT

ÅRETS BADRUM

Balnea av Elisa Ossino för Salvatori

Ren, geometrisk och ikonisk – något annat är inte tänkbart när ett badkar skapas ur en monolit av vit carraramarmor. Idén till det här projektet utmanar styrkan i ett tusenårigt material med en tidlös form. Resultatet är ett skulpturalt stycke som känns som det går igenom tiden, rakt ut ur stenbrottet för att låta sig tämjas av de skickliga italienska hantverkarna. Och förstås av designerns kreativitet.

Foto: Studio Maxima Calidad

ÅRETS MATTÄ

Nuances av Patricia Urquiola för Gan

Det här projektet sätter fokus på återvinningen av ull, som annars bara skulle kastats bort. Hur får man ett ulligt, mjukt och varmt material att fungera i en matta? Det tog ett tag men nu är *Nuances* en gångbar skönhet där designernas känsla för och besatthet av vågrörelser och färgskalar syns tydligt.

ÅRETS STJÄRNSKOTT

Ana Milena Hernández Palacios & Christophe Penasse, Masquespacio

Bambu, terrakotta och mönstrade tyger är rätt grund för att uniforma interiörer med hög grafisk effekt. Det härparet vet allt om färgglada, uppslukande miljöer som återkallar atmosfären från 1980-talet. Varje verk av det Valencia-baserade paret är en hyllning till de oförglömliga experimenten i Memphis-gruppen.

TRENDRAPPORT

ÅRETS TEXTIL

Peter Marino för Venetian heritage, Rubelli

I tre sidenjacquarder har Peter Marino återskapat lagunens vatten i Venedig. Det är en teknisk utmaning med ett tyg där små vågor liksom krusar sig över en sidensatin. Matelassétekniken ger reflektioner av ljus och färger; Marino ville hylla havet. Det är inte bara god design, det är också ett välgörenhetsinitiativ för att skydda venetianska konstverk.

ÅRETS STOL

Lazybones av Studiopepe för Baxter

Här utmanas vi verkligen i hur vi ser på proportioner och mått på en stol! Formen på den här möbeln tycks sätta uttryck före bekvämlighet. Den är kompakt, bjuder på mjuka, breda kruvor, tydligt geometriska. Klädd i mjukaste nubuckläder känns den som en blivande samlarpjäs.

ÅRETS SOVRUMSPRODUKT

Twelve A.M. av Neri & Hu för Molteni & C.

Allt kretsar kring en träkonstruktion i kombination med metall, tyg och mjukt läder – det ger en elegant, nästan orientalisk känsla. Gaveln verkar omfamna hela sängen och förvandlas vid fotländen till en bekväm bänk. Mjuka kuddar, band och läderremmar fungerar som hyllor och brickor. Förfinat och mångsidigt!

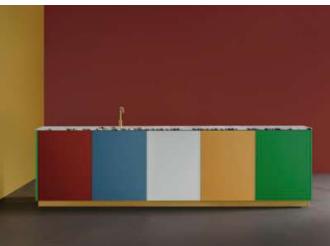

ÅRETS VÄGGDEKOR

Policroma av Cristina Celestino för Cedit

Högt tekniskt kunnande och kreativitet är avgörande element för god design. Det syns i dessa väggpaneler som består av stora plattor i keramik som ska efterlikna känslen av marmor, vackert inramade med svarta kanter bildar de kvadrater.

TRENDRAPPORT

ÅRETS KÖK

Match av Muller Van Severen för Reform

Ett kraftfullt projekt byggt på en enkel idé. Att bryta ner en klassisk köksmöbel och introducera en enkel, stilren som tål daglig sitt och slång. Köksbänk och luckor är täckta av termoplastisk polymer i klara färger och materialet, som används i skärbrädror, känns både varmt och mjukt att röra. Ett riktigt statement-kök.

ÅRETS MÖBEL

Primordial av Raphael Navot för Roche Bobois

Polyuretan och stenliknande strukturer kännetecknar denna definitivt ikoniska pjäs. Dess organiska form erhålls tack vare materialets smidighet. Det är hyllning till den design som blandar in konst och hämtar inspiration från både den antropomorfa, figurativa konsten i den engelska traditionen och primitivismen i den holländska skolan. Kan du se den i ditt vardagsrum?

ÅRETS INREDARE

Internationellt erkända arkitekten och designern Vincent Van Duysen har skapat byggnader, butiker och boenden över hela världen. Han fokuserar alltid på samspelet mellan olika designelement och allt han gör kännetecknas av en sober, tidlös elegans. Resultatet är alltid en varm och ombonad miljö, med ljus och färger som rimmar med kärnan av den nordiska designkulturen.

Foto: Thomas seeor Budd

ÅRETS LAMPA

**Noctambule
av Konstantin
Grcic för Flos**

Skulptural, imponerande, totemisk! Noctambule betyder nattuggla och lampan har en osynlig närväro under dagen; den dyker upp vid mörkrets intåg ... De munblåsta glasmodulerna är transparenta, kapabla att förvandlas till fantastiska lyktor, som upplysta flyter i luften.

ÅRETS UTEMÖBEL

**Ribes av Antonio
Citterio för B&B Italia**

Utgångspunkten är en futonsäng där Citterio adderat kuddar och byggt in runda rygg- och armsöd. Ett snyggt sätt att möblera utehus på. Dessutom förhöjs känslan av det vackra tyget, inspirerat av designerns många resor till Sydamerika.

Launched in 2003, the ELLE Decoration International Design Awards (or EDIDA to its friends) is a unique global event where the 25 Editors-in-Chief of ELLE Decoration gather to award **WORLDWIDE EXCELLENCE** in design across 14 categories. Every edition of ELLE Decoration independently puts forwards its suggestions for each category – our nominations are taken from the annual ELLE Decoration British Design Awards. From this **GLOBAL SHORTLIST**, each Editor-in-Chief nominates their preferred winners, with the votes collated at our Paris headquarters. This year we did things differently, with the winners revealed to everyone simultaneously and the awards available to view online for the first time thanks to our official partner, MGallery Hotel Collection – watch the video at elledecoration.co.uk

LIGHTING

'NOCTAMBULE' BY KONSTANTIN GRCIC FOR FLOS

A discreet presence by day, 'Noctambule' – fittingly named the 'night owl' – is a lighting system smartly lit by the LED rings that connect its transparent blown glass modules together. Though fully functional as minimalist individual lanterns, they come into their own once stacked and suspended to create a totemic column of light. End elements such as glass domes and cone shapes add ever more versatility. From £XXXX (flos.com).

DESIGNERS OF THE YEAR

STINE GAM & ENRICO FRATESI – GAMFRATESI

Drawing on elements from Scandinavia's craft heritage and Italy's renowned conceptual approach to design, the Danish/Italian duo have brought their nuanced aesthetic to brands including Louis Poulsen, Hay, Gubi and Dedon (gamfratesi.com).

OUTDOOR

'RIBES' BY ANTONIO CITTERIO FOR B&B ITALIA

This masterful approach to modular seating offers endless configurations, starting with a sleek futon frame in earthy shades of anthracite, sage and clay. Plush backrests and bolster arms are upholstered in fabrics inspired by the traditional South American textiles discovered on Citterio's travels. Price on application (bebitalia.com).

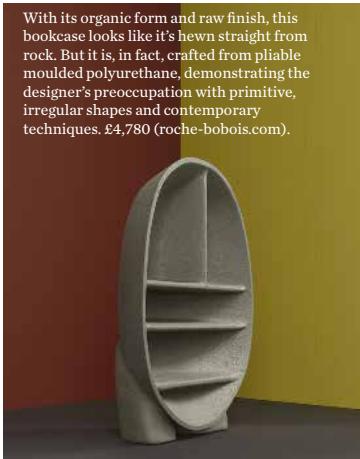

WALLCOVERING
'POLICROMA' BY CRISTINA CELESTINO FOR CEDIT – CERAMICHE D'ITALIA
 Influenced by the materials and architecture of Milan, Celestino's giant slabs replicate rare Italian marbles and Marmorino plasterwork, with rounded forms offering a modern aesthetic. Price on application (florim.com).

FURNITURE

'PRIMORDIAL' BY RAPHAEL NAVOT FOR ROCHE BOBOIS

With its organic form and raw finish, this bookcase looks like it's hewn straight from rock. But it is, in fact, crafted from pliable moulded polyurethane, demonstrating the designer's preoccupation with primitive, irregular shapes and contemporary techniques. £4,780 (roche-bobois.com).

TABLEWARE

'TONGUE' BY BETHAN LAURA WOOD FOR ROSENTHAL

This playful, pastel-hued set is inspired by the lines of Rosenthal's 'Tac' teapot, designed in 1963 by Bauhaus founder Walter Gropius. Flowing curves and tactile glossy and matt glazes make it a service to use and treasure. From £122.50 for a plate (rosenthal.co.uk).

BATHROOM

'BALNEA' BY ELISA OSSINO FOR SALVATORI

Carved from a monolithic block of white Carrara marble, this sculptural bath combines precious natural stone with an exquisite purity of form. From material to designer to maker, it's a testament to Italian craftsmanship. £37,000 (salvatori.it). ▶

KITCHEN

'MATCH' BY MULLER VAN SEVEREN FOR REFORM

Though conventional in form, a lively, material-first approach makes this customisable kitchen anything but conformist. By combining durable, wax-like thermoplastic polymer fronts cast in punchy primary colours with a marble countertop and brass hardware, the cabinet is elevated to collector's item. From £78.30 for a drawer front (reformcph.co).

FABRIC

'VENETIAN HERITAGE' BY PETER MARINO FOR RUBELLI

For his debut collection with Rubelli, New York-based architect Marino took inspiration from the brand's home in Venice. The three jacquard designs, 'Lucente', 'Tiepolo' and 'Marino' (pictured), reflect the city's famous waterways and have a colour palette inspired by the paintings of Venetian Giovanni Battista Tiepolo. From £176 per metre (rubelli.com).

FLOOR COVERING

'NUANCES' BY PATRICIA URQUIOLA FOR GAN

Patricia Urquiola's collection of three rugs (and three poufs) investigate the natural irregularities of rock formations. Constructed from subtly speckled felt panels sewn by hand, the layers mimic those found organically. From £2,018, Chaplins (chaplins.co.uk).

INTERIOR DESIGNER OF THE YEAR

VINCENT VAN DUYSEN

An internationally renowned architect and designer, and the creative director of Molteni & C, Belgian-born Van Duysen has proved himself the go-to for luxury brands, hotels and residential developments. Recent projects include a winery in Belgium and a US residence. His spaces are characterised by an understated, timeless elegance and prove that minimalism and comfort need not be mutually exclusive. STUDIOPEPE FOR BAXTER

These cleverly compact statement pieces are built around the interplay between dramatic curves and unexpected proportions. A bold silhouette is softened by the designers' subtle choice of a muted terracotta tone and luxuriant Nubuck brushed leather. £3,360 (baxter.it).

YOUNG DESIGN TALENT OF THE YEAR

ANA MILENA HERNÁNDEZ PALACIOS &
CHRISTOPHE PENASSE — MASQUESPACIO

Fringing, fluting and flamboyant palettes are just some of the hallmarks of this Valencia-based couple. Inspired by the irreverent experimentation of the Memphis group, their work is bold and embraces a more-is-more attitude. Latest projects include a showroom for ceramic brand Roca Tile and the 'Wink' chair for Spanish brand Houtique (masquespacio.com).
